SKILLS AND INTERESTS

Tech Stack: C, C++, Python, DSA, HTML, CSS, JavaScript, MySQL, DBMS, UI/UX, Graphic Design
Software: Git, GitHub, Android Studio, VS Code, Canva, Figma
Frameworks/Libraries: Tailwind CSS
Interests: Tracking Emerging Technologies, Puzzle Solving

PROJECTS

Desk Clock | *HTML, CSS, JS*   July 2024
- Developed a desk clock using HTML, CSS, and JavaScript for digital full screen clock layout.
- Integration of dark mode and light mode support and switching

2048 | *HTML, CSS, JS*   Jan 2024
- Built a 2048 game using HTML, CSS, and JavaScript for dynamic tile manipulation and user interaction
- Applied web development knowledge to create a functional and engaging single-player game.

Online Voting System | *HTML, CSS, JS*   July 2023
- Implemented a demo android application to buy and sell medicines and schedule doctor appointments.
- Used Android Studio GUI designing for the looks of application which reconfigured into XML.

Experience

Summer Internship: App Modernization / *Celebal Technologies, Noida*   June 2024 – July 2024

During my internship at Celebal Technologies, I designed and implemented various modules and projects using web technology. This modernized the applications and softwares by increasing the devices support and accessibility.

Vocational Internship / *Hindalco Industries Ltd, Renukoot*   Aug 2023 – Sep 2023

During my internship at Hindalco Industries Ltd, I designed and implemented a system to validate user dependencies within the project lifecycle. This streamlined the process, ensured timely identification of potential roadblocks, and contributed to improved project efficiency.

Summer Internship and Industrial Training / *Netcamp Solutions Private Limited, Ghaziabad*   Jan 2023 – Feb 2023

During the Internship, I went through various concepts and practices in the Web Development, Android App Development and Network Management technologies. I demonstrated self-motivation to learn new skills and was able to complete the internship projects.

ACHIEVEMENTS
